Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-12 are rejected under 35 U.S.C. 102(b) as being anticipated by Puaatuua.

Puaatuua discloses a clear-wrap dispenser comprising all the elements claimed including, inter alia, an integrally molded body (e.g. 12); grip (the bottom portions of the dispenser); and vertical walls (20). See whole patent.

Regarding the term “ergonomic,” while descriptive carries no patentable weight without any details as to how that element or part is “ergonomic.”
